Skill Tree: Color in the boxes and level up your skills

Erasmus+
Enriching lives, opening minds.

Use for individuals or as a group by picking a colour each and coloring in a part of the box. Everyone's journey is different and you can interpret the goals flexibly. The aim is to inspire you to learn and try new things. Not everything needs to be completed.

ADVANCED

(set your own goal)

Set your goal

Set your goal

Facilitate small-group conversations

Guide others in inclusive practices

Handle tense moments calmly

Advocate for vulnerable participants

Manage waiting queues fairly

Adapt space and signage for needs

Communicate empathetically

Run intergenerational repair themed sessions

Make space for quiet or anxious guests

Explain how the Repair Café works

Adjust pace for different abilities

Listen without interrupting

Use simple, clear language

Offer a warm welcome

Identify barriers to access

Social facilitation: Start with say hello and smile

Inclusion and accessibility: Notice who is not showing up

(set your own goal)

Set your goal

Set your goal

Lead a small right-to-repair campaign

Speak at a local event about repair

Share right-to-repair stories or news

Recruit new volunteers

Encourage guests to keep learning repair

Compare repair vs replacement impact

Invite neighbours personally

Share events with local groups

Talk about the Café in daily life

Community engagement: Map local repair resources

Sustainability and right-to-repair: Explain why repair reduces waste

Volunteer support and teamwork: Notice when volunteers look tired

Share repair tips and good practices with other volunteers

Support visitors to repair step by step

Reassemble and test items so they work safely again

Co-create a volunteer support plan

Do small fixes like tightening, cleaning and simple part changes

Help resolve small team conflicts

Decide if an item is safe and worth repairing

Check in after busy sessions

Ask questions and run simple tests to find the problem

Open items carefully and look for obvious faults

Technical repair: Use basic tools and follow safety rules
